NOTICE OF SALE

Of twenty-four shares, or so many thereof, as may be necessary, of the capital stock of the Spanish Springs Valley Ditch Company, a corporation duly organized under the laws of the State of Nevada, embraced in stock certificate No. 1 (one) originally issued to Henry Orr, now deceased. May 6, 1901. Such sale is to be made of such twenty-four shares of stock, or as many thereof as may be necessary to pay an assessment of two dollars per share on all shares of stock in said company, all of which have been paid except on said above described twenty-four shares.

Said assessment was duly levied by the Trustees of said company on the 6th day of March, 1901, at the annual meeting of the stockholders of said company, to pay for repairs and keeping in repair the ditch of said company in 1901.

Notice of such assessment, made payable on or before the 8th day of April, 1901, was duly published in the Nevada State Journal, a newspaper published daily in Reno, Washoe county, State of Nevada (in which county the said company's ditch property is situated) for the period of four weeks before being payable as aforesaid. That the assessment on said stock, and none of it, has been paid; wherefore notice is hereby given that in consequence of such default in paying such assessment, so many of said shares of said stock as are necessary to pay such assessment and all costs of advertising and selling the same, will be sold at public auction to such person or persons as will pay said assessment and such expenses for the smallest number of such shares or portions thereof.

Such sale will be made at front door of the Bank of Nevada between the hours of ten and twelve o'clock, a. m. on the 29th day of June, A. D. 1901, by the Secretary of said company by order of its Trustees.

FRIDAY, JUNE 14, 1901.

THE BUTCHERS MAY STRIKE.

There is trouble in the butcher's camp from New York to California. The meat market is threatened with an indefinite suspension, and the people are placed in a position in large cities that may end in cutting of their chops and steaks, which is not in the least bracing to the epicurian stomach. Broiled beef or broiled mutton is relished by millions of people, and because the people like the chops and steaks it becomes a query about the right of the butchers to go on a strike which may deprive many people of mutton stew, not to mention corned beef and cabbage. When the history of the butcher is reviewed it may not be a surprise when he closes the meat markets by going on a strike. It is a well authenticated fact by the records of courts in parts of the old world that a man when called to the jury box had only to say, "I am a butcher," to be excused from service upon a jury in a criminal case. More particularly was it true that he would be excused when the punishment inflicted would be death. The theory upon which a butcher was excused from serving upon a jury in a criminal case was that his business included taking life by shedding blood. It was believed that the shedding of blood tended to make him disregard life, which might extend to the life of a human being. When the rule excluded a butcher from serving on juries in criminal cases was the law, it was also the law that a man could be hanged for stealing a sheep which was the other side of high regard for human life in those times. A man's life was not any more valuable than a sheep's which which was no more than a few shillings, which may aid to explain the cause for excluding butchers from juries in criminal cases. If it is true that a butcher has very little regard for life because he kills pigs, lambs and other animals to supply the world with food, it may be he has very little regard for the inconvenience he may cause the people who love fine cuts of beef or mutton. The writer is of the opinion that the butchers, like other men who strike, are personally interested in the strike business in a financial way, which has much more influence upon his mind than taking the life of a sheep or taking the life of a calf has upon it. The old law excluding butchers from juries because they engaged in killing animals for food, while it was the law that a man should suffer death for stealing a sheep shows the lights and shades of a dawning civilization, more forcible than any condition of society in the middle ages. It is one of most clean cut instances of a keen perception of the sacredness of human life. When the butchers were excluded from a jury without any foundation supported by truth for the exclusion, but upon a mere theory, or upon an imaginary cause. While there was retained one of the most barbarous laws punishing one of the most cruel conditions of a barbarous age, which consisted in valuing the life of a man at a few shillings, or by placing it upon a level with the life of a sheep.

A CORRECT VIEW TAKEN.

It was said in the Journal yesterday morning that Senator Depew of New York was giving to his work while advocating a third term for President McKinley "an appearance of impudence." It appears very much as though the President had taken a similar view of the course of the Senator, as he has without consulting any one upon the subject but his wife, issued a notice that a third term is out of the question respecting his future. He has said that he will surely retire to private life when his present term expires. The notice is a reminder that the Senator had taken the liberty to advocate a third term without consult-

ing the President upon the subject. The manner of giving notice is a rebuke to Senator Depew which the after dinner orator can use to advantage in the future in his after dinner efforts at society reunions.

A DRAW.

The battle between South Carolina's Senators has closed in a draw. That by each drawing down his resignation paper in the hands of the Governor, McLaurin came first through some advice given by the Governor, and took down his resignation paper, which led Tillman to do a like thing by calling for the return of his resignation paper. Thus ended the contest of the Senators from the State, years ago represented in the Senate by Calhoun, the most noted State rights Senator who has lived. His position on the doctrine of State rights, when living, was in truth the real cause of the civil war, which maintained the right of a State to secede from the union.

ABOUT MINE AND MINER

Notes Gathered From Exchanges About This Indus-try.

Negotiations are pending for the sale of the Oest mine, near Silver City. Rich strikes of gold-bearing quartz were recently made in the black mountains near Walker lake. It is reported that O. A. Turner of Grass Valley has bonded the Tonopah mines for \$236,000, of which \$50,000 is to be paid July 1st and \$286,000 before December 31st, 1901. Rock millin' \$3 per ton, from the Suro tunnel waste dump, is being worked at a profit. In addition to the 100 stamps now unning on ore at the Yellow Aster mine, Randsburg, 30 more stamps are being put in. The town springing up at the Abe Lincoln group of mines in Lincoln county is to be called Gregg, in honor of Judge Gregg, the president and one of the heavy stockholders of the California Con. Company. William Pearce, for many years foreman of the Savare, Chollar, Potosi and other Comstock mines, and one of the best known men on the lode, left Saturday for French Gulch, Shasta county, California, to take the superintendency of a leading mine property. As soon as the new electric hoisting plant at the Belcher shaft is in regular operation exploratory work will be resumed in the Crown Point mine. Yesterday the sale of shares of the Delaware Mining stock reached 3,000 shares, which is sufficient to start operations. Work will commence in a few days and continue until the round is thoroughly prospect. I should the ledge continue down a mill and tramway will then be built.—Appeal.

WHEELMEN ENTERTAINMENT.

The Wheelmen will this evening give another of their enjoyable entertainments under the management of the new entertainment, and a first-class program has been arranged and everyone present will be given a good time. It was the intention of the committee to have the Riverside band furnish music on the balcony before the entertainment, but this will have to be dispensed with as the new band do not wish to appear in public until more practice is had. The proceeds of the entertainment will be used to buy the relay riders new racing suits, and everyone should buy a ticket and help the cause along. The "big doings" will commence at 8:30 sharp. Following is the program: Instrumental duet, Julien brothers, song, Reno Comedy Company, consisting of F. White, Mr. Phelps, L. Merrill, W. L. Hewitt, Prof. Swartz, Wilbur Blair, W. Lunsford, R. Leonard, R. Julien, recitation, Richard Ryland, 3-round boxing bout, Jas. Harr vs. Chas. Gritton, vocal solo, Wilbur Blair, recitation, Ralph Julien, song and dance, Chas Wilson, vocal solo, Lester Merrill, 3-round boxing bout, Ed. Lunsford vs. Barney Frazer, vocal solo, Geo. Ward, club swings, Ed Shaver, short talk on racine matters, King Ryan; music, Wheelmen Sousa band; 3-round boxing bout, Will Parry vs. Will Lunsford, instrumental duet, harmonica, Fred Hewlett and Pearl Upson, vocal So-low, Jos. Lachman.

A CORRECTION.

In the write-up of the District Court in yesterday's paper we were in error by stating that the jury in the case against W. H. Johnson returned a verdict of "guilty as charged." He was charged with intent to kill, and the jury found him "guilty of assault with a deadly weapon, with intent to do bodily harm." Under the original complaint he was liable to imprisonment for a term of ten years, but under the verdict of the jury Johnson is liable to a sentence of but two years.

RACING COURSE.

The Racing Board of the Reno Wheelmen's Club have taken charge of the new track, and will put workmen on it at once, but it in first-class condition. Two or three days work will put it in the best of shape. Word from Carson is to the effect that the race track at that point will be smooth as a floor on the day of the big race, July 4th.

LITTLE LOCAL BREVITIES

Items of 'Street and Town too Brief for Separate Heads.

The Murray Carnival envelopes, the latest and neatest thing out on sale at the Journal office. An advertisement of interest to Odd Fellows will be found elsewhere in this issue. There are at present 17 prisoners in the county jail, 7 or 8 of whom are worked on the "chain gang." About 1500 pounds of butter arrived on last evening's V. & T. from the Douglas county creamery. The Carson Tennis Committee has arranged for a State tournament to take place in that city during Carnival times. J. J. Murray is getting out some artistic and up-to-date advertising for our business men. Seven year old Port and Sherry wines at Thyen, by the bottle 50 cents.

CARSON'S CARNIVAL.

The several committees appointed to do the detail work of the Carnival and Street Fair, met with the Executive Committee last evening and discussed ways and means. Each committee briefly outlined its plans and stated the amount of money it would need, according to estimate. Considerable routine business was transacted and the committees, are hard at work today laying out their work. It is apparent that a considerable number of attractions outside the midway will be here during the four days of celebration and some of them have representatives now on the ground. About twenty floats are now promised for the great parades and this is more than greeted the President of the United States in San Jose. The kite experiments are proving successful and soon adjacent towns will see the carnival colors in the sky. A new sign to stretch across the street in front of the headquarters is completed and will be up in a day or two. It can be read for a long distance. A committee was out a good part of yesterday looking over the side streets, with a view to hilling some of them up with attractions and closing them to all traffic during the four days. FAST RIDING. Burton Downing of the Garden City Wheelmen of San Jose crossed the ape yesterday on the San Leandro triangle in what proved to be the fastest time ever made in a twenty-five mile road race on the coast. He completed the quarter of a century ride in 1 hour, 5 minutes and 3 seconds, or two minutes and seventeen seconds faster than the previous record, which was made on a course 500 yards shorter than that which was ridden over yesterday. There was a five-mile match between J. Wing of the Garden City and F. G. West of the Hays City's. Wing won in 11:25. The half-mile amateur race was won by Lace Downing, McDonald second and Knox third. Time—1:17 2-5. The above riders are a fair sample of the Garden City Wheelmen, which our boys race on the Reno track, July 14th.

Court Donner, No. 173, F. of A. will celebrate their first anniversary by giving a picnic and platform dance at the Race Track, Donner Lake, July 28th.

THEIR TRAINING HAMPERED.
The Sacramento Record-Union contains the following:

The match between the Capital City Wheelmen and the Reno Wheelmen is now made. It will come off at Carson July 4th in a fifty mile relay for a trophy and a percentage of gate receipts. Unhappily the C. C. W. boys have been shut out of Agricultural Park for training and have no track upon which to do necessary preliminary work. The new lessee refuses to permit the team to train there because housemen object to it, as the wheel hardens a narrow path next to the pole Captain Clay will, however, train his men on a straight away road. This is difficult and dangerous, however, as no road is ever wholly free of teams and pedestrians, nor have we any near to Sacramento sufficiently smooth and long. The need for an earth athletic track near this city is very great.

N.-C.-O. CO.'S CAR SHOPS

Are as Good, Comparatively
Speaking, as Any on
the Coast.

The Journal localizer visited the N.-C.-O. railroad shops yesterday afternoon, and must admit a surprise to see so many good and substantial improvements being made. E. J. Valley, Superintendent of Motor Power, kindly volunteered his services showing us through the structure, and explaining the machinery.

A visit was made first to the west room of the new annex, which is being fitted up for the machine room. The first piece of machinery inspected was a mammoth hydraulic press, with a pressure of something like two hundred tons, which is used a great deal in the construction and repairing of car wheels. A radial drill next attracted our attention. This machine weighs about twelve hundred pounds, and is a master at all kinds of drill work, piercing holes from 1-8 to 3 inches in diameter, and can be moved and worked at any point of the compass. It is one of the best of the kind obtainable. The very latest bolt cutter, which manufactures bolts from 1-4 to 1-12 inch in diameter, and turning lathe for metal work are also among the equipments of the shop. A 36-inch planer and a 16-inch emery wheel and stand, besides several smaller machines make up the equipment of this department.

Another feature in the machine room is something new in the way of a drop pit, and is the idea and work of Superintendent Valley. By this drop the wheels or large parts on the bottom of engines or cars can be dropped in such a way as to enable workmen to easily and readily get at parts to work, and does away with the old way of "jacking" up the whole engine or car. The N.-C.-O. shops are the only ones on the coast supplied with this device.

The carpenter shop is in the middle department of the new annex and is supplied with the best and latest machinery, including mortis and boring machine, buzz saws, surface planes, rip saws, and in fact all the necessary machinery used in the construction of cars. The old round house has also been thoroughly renovated, and many improvements made, such as new skylights put in, new floors, several more tracks laid, and the large room made more useful in many ways.

Superintendent Valley says that he expects to have every branch of the shops running in full blast by the 1st of July, and the company will then do all their own machine work besides manufacturing their freight cars. The carpenter department will be able to turn out from two to three cars per week. The cars turned out will in the future be of from 40 to 50 thousand ton capacity, which in itself will be a great accommodation to the patrons of the road.

Mr. Valley was asked if his company would do outside work in the railroad shops, and stated that they certainly would do all in their power to accommodate the general public as long as it did not interfere with the railroad work.

There are at present about seventeen workmen employed in the shops, and this number will be increased to thirty as soon as the new shops are in running order. In the meantime all the company's work is being done in the old shop.

Steam power will be used to run the different departments, and will be furnished by a forty-horsepower engine. The machinery, which is now arriving every day is supplied by the Niles Works of Hamilton, Ohio.

An office and store room will shortly be commenced near the Fourth street entrance of the yard.

The N.-C.-O. is a great thing for Reno, and should be induced to remain here, instead of moving north in a few years as they undoubtedly will.

SCHOOLMATES' REUNION.

The schoolmates, pupils and resident teachers of Bishop Whittaker's "school for girls" were most delightfully entertained yesterday afternoon by Mrs. Ed. Coffin at her home. Although the school has long been of the past the reminiscences recalled were none the less pleasant and the old happy days were lived over again amid much merriment. Those present besides the hostess were: Mesdames Wm. MacLure of Oakland, Hodgkinson, Stewart, McNeely, Voughton-Hall, Voughton-Lake, Chas. Lake, Layton, Rosenthal, Rhodes, Longley, Hilp, Webster, Jr., Scheeline, Misses Clara and Bertha Bender, Misses Annie, Gertrude and Clara Martin, Misses Julien, Mason, Northrop, Connor and Mayberry. "High school days: Tell me where you linger."

Let's trudge home again, for we have gone astray.
Take this eager hand of mine and lead me by the finger.
Back to the Loftus Lands of the far away."

DISTRICT COURT.

Yesterday the case of the State against Edward Austin Kennedy was tried. Kennedy was charged with grand larceny. It was said that on September 20, 1897, he stole a horse from C. P. Ferrell's blacksmith shop, and rode him to Truckee, where the animal was found. The horse was at the time, in the keeping of one, Charles Ward, who was breaking it.

About 6.35 yesterday afternoon the jury returned the verdict, "not guilty." The jury was then dismissed, until Saturday forenoon.

MISSISSIPPI CONGRESS

Of Great Importance to the
Entire Western
Country.

To the officers of the Congress, permanent members, former members, newspapers and others interested in the growth and prosperity of the States and territories of the Trans-Mississippi region:

The twelfth annual session of the Trans-Mississippi Commercial Congress to be held at Cripple Creek, July 16-19, inclusive, is of great importance to the entire western country.

It is therefore urgent that earnest effort be made to secure a large representation from every State and territory and from every commercial organization within the jurisdiction of this Congress.

Every officer, member and individual interested in the material advancement of the Trans-Mississippi States and territories should make it a personal matter to see that the proper parties authorized under this call to appoint representatives to this Congress select delegates who will attend the session and also see that full delegations are sent from their respective States or territories.

It is hardly necessary to urge the Trans-Mississippi Press to give this session of the Congress its liberal support. The newspaper fraternity is fully alive to the fact that the Trans-Mississippi Commercial Congress is a potential factor in questions affecting national legislation for the Trans-Mississippi States and territories and is fully informed upon the record of the Congress in securing for this section legislation of great importance to the commercial interests of the entire west. The officers of this Congress, therefore, confidently rely upon the cordial support of the Press of the entire country.

But in the matter of full delegations the officers of the Congress are exceedingly anxious to have all officers of Cripple Creek, Colorado, notified of these appointments as fast as they are made.

All interested can contribute to the success of the Congress by acting promptly upon these suggestions. WALTER GRESHAM, President, Galveston, Texas.

E. R. MOSES, Chairman Executive Com., Great Bend, Kansas.
Address all communications to Arthur F. Francis, Assistant Secretary, Cripple Creek, Colorado.

PERSONAL MENTION

Gossip About the Migrating Public as They Come and Go

A. H. Clark of Sacramento is stopping at the Riverside Hotel.

F. B. Southworth of San Francisco, is spending a few days in Reno.

T. Nelson of Humboldt, Nev., is visiting friends in Reno.

Miss Neva Winters of Washoe, was an arrival on last evening's V. & T., and remained over.

Mrs. G. A. V. Hughes was an arrival on the flyer last evening from San Francisco. She will depart this morning for her home at Amadav.

Capt. Overton was a passenger from Virginia City last night.

J. F. Condon of Verdi is spending a few days in Reno.

RENO SICK.

Mrs. C. A. Richardson is still very sick with typhoid fever, and was reported a little worse yesterday.

Dr. Phillips little boy is getting along nicely and will soon be put again. Allen C. Bragg is improving, and if the weather continues favorable will be out in a few days.

Fred Litch, who has had a very long siege of typhoid fever is convalescent. Miss Ruby Chandler is still quite sick.

THE BALLOTING.

Yesterday the ballots for Queen of the Carnival stood as follows:

Miss Nellie Ernstine	308
Miss Kate Schulz	295
Miss Rose Bergman	190
Miss Rubel Martin	87
Miss Sadie Sweetland	79
Miss Florence Hawkins	65
Miss Vera Novacovich	40
Miss Mabel Daniels	4
Miss Bertha Sadler	2
Miss Kittle Ryland withdrawn.	

One ballot received, not counted at present.

NEW PASSENGER COACH.
The "swing train" pulled out yesterday morning having attached a new passenger coach to be used on the Hoca-Loyalton railroad. This is the first passenger coach to be run on that road, but others are in course of construction in the east and will be put into commission as soon as completed and forwarded.

"SWING" TIME.

A typographical error in yesterday's paper made us say that the "swing" train departed from this city each morning at "7 a. m." while it should be 7:25 a. m.

WOODMEN OF THE WORLD

The Largest Initiation the World
Has Seen—One Thousand
and Candidates.

The Choppers of the 8th, 9th and 11th District of California have pledged to furnish 1000 candidates on the occasion of the Woodman of the World Initiation to be held at Fremont Park, Niles Canyon, August 10, 1901. From the rate applications are coming in there will no doubt be at least 1500 initiated on that occasion. The ground occupied will cover about ten acres and will be guarded by 100 policemen from San Francisco; all members of Woodcraft. There will be ten degree teams in uniform, that will do the work, and six brass bands (all Woodmen) to furnish music. At least 10,000 Woodmen will be present, an immense barbecue will furnish plenty to eat. This barbecue will consist of five tons of bread, five oxen, 50 sheep and 20 hogs.

During the daytime the celebration will consist of an address by Head Consul Falkenburg, log rollings, sawing contest, chopping matches and games of various kinds. Half fare excursions rates to "choppers" from all these jurisdictions. At this mammoth meeting the forest will echo and re-echo with 10,000 voices. This will undoubtedly be the worlds greatest initiation.

THE KNIGHTS VISIT CARSON.

The Reno delegation to the Grand Lodge, K. of P., departed for Carson last evening at 7:45 on a special train, with Carnival ribbons flying and all laced with neat tags, printed in the carnival colors, and bearing this inscription: "I'm Out for a Hot Time! Ship me to the Carson City Carnival and Street Fair in Carson City, Nevada, July 24, 4th, 5th and 6, 1901. Return me to my home in Reno, Nevada."

Following are those noticed by the Journal reporter as they boarded the train: Henry Ritter, W. H. Noyes, A. Dromlack, Jim Higgins, Joe Pellizzari, Will Doane, S. Stanaway, Al. Helms, Orvil Sessions, Geo. Hyman, A. T. Donnell, J. M. Gray, W. W. Webster, H. J. Thyes, W. H. McInnis, M. Jacobs, Chas. Coffin, Ed. Willis, Geo. Robinson, Chas. Davies, W. Waters, M. A. Hanna, W. L. Semenza, Frank Campbell, Cottrell, A. Frandson, S. Armonko, John Sunderland, Jr., Gus Korne, Sydney Reeves, J. E. Bray, J. Wright, Attorney Leashman, A. North, Mullen, Geo. Graf, P. Semenza, Judge Talbott, K. Conza, W. E. Westfield, and Col. H. B. Maxson.

The Knights of Pythias had a big time last evening. The degree team of Reno Lodge conferred the rank of Knight on two candidates from Dayton. A lunch and a sort of jollification in which the Grand Lodge participated allowed the initiation. All report having had a grand time.

TAHOE RAILROAD.

The Lake Tahoe Transportation Co. are moving their machine shops from Glenbrook to Tahoe City. All their boats now lay over night at the city, for convenience in case of breakdown, can be repaired on short notice. The company has a new observation car, and was run for the first time last Sunday. It being an open car, travelers are enabled to see all the scenery in their route to the lake, doing away with the flat cars as used last summer, extending for picnic or an extraordinary rush of travel. The company expects a large tourist travel this summer and they are preparing and trying to fulfill carrying capacity for the expected rush of travel. All resorts are open with the exception of Rubicon Springs.

A NEW DEPARTURE.

The Dexter Tuscara Company have arranged to make their bullion shipments through the Postal Department, instead of by Express, as heretofore. We understand that the only motive this change is purely one of economy, the rates charged by the government for carrying first-class matter packages of any weight being but two cents per ounce, being a much cheaper one than that charged by the Express Company. The choppers besides having the bullion shipped, are secured against loss in transit by a private security company in New York that insures matter of this character at a nominal per cent premium.—Tuscaro, a Times-Review.

BADLY USED UP.

Mrs. C. J. Judd met with a very painful accident the other day, which nearly broke her arm. The lady was removing a large step ladder from the house, and in going down the steps tripped and fell, the ladder falling upon her, bruising her face, arm and hand very badly, and has turned as black as night from the hand to the elbow and below the elbow are unrecognizable.

MRS. CONROY'S FUNERAL.

The funeral of the late Mrs. Della Conroy took place from the Catholic Church yesterday morning at 10 o'clock. Father Reynolds preached a very touching sermon, and a large number of friends followed the remains to their last resting place, in the Catholic cemetery.

SAGEBRUSH OCCURRENCES

Happenings in this State Gleaned
From our Nevada Exchanges.

The 14th of June, 1901, will be the first "Flag Day" of the twentieth century. That being the day in 1777 when Congress adopted the Stars and Stripes as an emblem.

The tax on bank checks goes out of existence on the 1st of July, having been abandoned as a means of raising war revenue. The last fiscal year shows that 350,000,000 checks passed through the banks, each bearing a two-cent stamp, yielding a revenue of \$7,000,000 to the government.

J. G. Marx, the former superintendent of the Ely Mining and Milling Company's property at that place, sailed from San Francisco last week on the steamer Charles D. Lane, bound for the Nome gold fields. Mr. Marx was accompanied by his wife and will be absent two years, the understanding being that he will be in the service of Charles D. Lane.

WILL WED.
James P. Morrill and Miss L. Melvina Couper, both of Verdi, Nev., will next Sunday be joined in holy wedlock in this city. Mr. Morrill is one of the leading citizens of our sister town to the west, and is, at the present time, one of the managers of the California High School near that city, while his chosen bride is one of the most popular young ladies in western Nevada, and Mr. Morrill is to be congratulated upon his choice of a life companion. The Journal will be ready with its congratulations when the happy event comes off.

MASCULINE HEAD GEAR.
Our hat stock is now complete, for another lot of Stetson hats has just arrived. In this lot you will find all the new styles of soft and stiff hats designed for the present season and also a complete assortment of the staple soft hats, in the manufacture of which the John B. Stetson Company is famous.
